Brief about your Business/Products: OREVA is amongst the few leading industrial houses to invest in the affordable **E-bike technology** that has the potential to transform the way people travel in India and make a **"Pollution Free Environment for the Country"**. Oreva is having around 100 dealer across the country for our E-bike product and similar numbers of service centres also, oreva has **state-of-art in-house manufacturing facility** for production of Electrical vehicles with the daily production capacity of 1500 bikes, at present we have an average sales of 600 to 700 e-bikes per month which will surely boost up with 1 new models addition in product segment.
