**Brief about your Business/Products:**

FCC Clutch India is 100% Japanese subsidiary of FCC Co Ltd ,Japan. F.C.C. Co. Ltd. manufactures clutches through an integrated system extending from research and development of frictional materials to assembly of clutches enabling F.C.C. to claim the top worldwide share in motorcycle clutches. Its global production system consists of 22 manufacturing facilities covering 10 overseas countries in addition to

our Japanese facilities. The F.C.C. group mission is to be a company that can be counted on for safety and respect for the environment and to meet customers' every need.

About FCC Clutch India, it is currently leading supplier for Clutch assy specially in ICE 2W segment to almost all the 2w OEMs having 66% market share in India as of now.

Considering the growth of EV in Indian auto sector, FCC has also ventured in to Design, Development and manufacturing of PCU (Motor and Controller). We shall be expanding our these EV products to existing 2W , 3W OEMs and Startups.
