Brief about your Business/Products: Established in 2006, Greenfuel Energy Solutions is the leading manufacturer of components and system solutions provider for Alternative Gas Fuel Systems to the automotive industry in India. Committed to Green energy, we are now empowering the future of e-Mobility in India and the global market. We have developed and launched Lithium-Ion Battery Packs featuring original technology, meticulously created and engineered in-house. We have filed for multiple patents on the design of our Lithium-Ion Battery Packs and have complete capabilities for Hardware Design, Embedded Software and Critical Safety Control. Our products feature extensive R&D and are proudly 'Made in India', tested and scalable, with the minimum application development time for our customers.
