Brief about your Business/Products:

Shema E-Vehicle & Solar Pvt. Ltd. (SES) is having a state-of-the-art production facility of ultra-modern battery operated two wheelers in the heart of Odisha , Sambalpur. SES has also set up assembly line in IMT Manesar (Gurugram), Haryana. And soon opening another assembly line in IMT Manesar itself extending our production capacity to 4000+ vehicles per month.

SES has 6 products - into low-speed and now rolling **out 3 High Speeds** 100% Make In India To meet the customers' demand and to attain companies end goal.

In the view of the continued commitment of "zero defects" in manufacturing, customer's needs & desired products are on top priority. SES in its "Go Green" initiative is set to free the atmosphere with environmental issues in the longer run. This automobile unit is here to stay by providing a promising product along with customers satisfaction, after sales service, availability of spares, long time warranty!

SES also been awarded as :

- **The Brand of ODISHA, Pride of India**
- **IFCG award for its contribution to the Greener Environment**
