Brief about your Business/Products:

Trontek is one of the fastest growing battery companies in the country, powering the mobility sector for over 2 decades. For several years now, we are leading the e-Rickshaw Lithium-Ion Battery industry. With excellent after sales support all over the country, there are now over two lakh e-Rickshaws powered by Trontek.

Trontek operates on a principle of 'Build the product around the Consumers', this has been the main reason for its success in the industry. For last 6 years (since 2017), we are manufacturing all types of NMC/LFP batteries for major brands of Electric Vehicles (2W, 3W, E-Tractors, HESS, Drones, Golf Carts, E-bikes, AGVs & MHEs).

With state-of-art- manufacturing facilities, driven by Technology; Innovation and Customization, makes us one of the most advanced battery manufacturing companies in India. Our R&D unit endeavours to incorporate latest ideas to enhance the UX (User Experience). Strict & extensive quality checks are employed (at every stage of production) on our products to deliver Quality ON time EVERY time.
